

Robin Hood Group YMCA

YMCA Robin Hood Group provide a range of frontline services across Greater Nottingham, York and East Riding, plus Newark & Sherwood, to encourage young people to belong, contribute and thrive.

CHALLENGE

The impact of Covid-19 drove increased demand for several of our services and we wanted to create a single venue from where we could provide a range of vital touchpoints to support positive youth development.

SOLUTION

The blended finance enabled the building of the facility which brings together sport and wellbeing, education, hospitality, childcare facilities and youth development programmes into one purpose-built site.

REVENUE

Income is generated through selling services to local authorities and some grant income.

IMPACT

The YMCA Community & Activity Village was created to bring together young people, families and business across Newark and the wider community, offering exciting opportunities for all our visitors.
