

London Early Years Foundation

LEYF runs 40 nurseries across 12 London boroughs, delivering high quality Early Years education and care to children aged from birth to five years old.

CHALLENGE

The sad reality is that many children from disadvantaged backgrounds, or families struggling with poverty, are unable to access a high-quality nursery.

SOLUTION

Our mission is to give children the best start in life by providing access to high quality, affordable Early Years education and care within the communities we serve.

REVENUE

The fee structure for LEYF varies from nursery to nursery, and in some parts of London where it is more expensive to provide a high-quality service, fees are higher.

IMPACT

The funds will be used to acquire and integrate new nurseries into the LEYF family, many of which would not be attractive to 'for-profit' nursery providers. Since launching the bond, we have already started to put the financing to use.
